- Q.** What does "general operating support" include?
- A.** By "general operating support", we mean temporary support of salaries and infrastructures, as described in the Glossary of Terms. In the operating budget, up to 75% of the Generous Promises monies can be used to support salaries and benefits. However, no more than 50% of any individual's salary and benefits may come from this grant.
- Q.** Do you fund technology requests?
- A.** Requests for hardware, software, or training that supports the capacity and sustainability of the organization will be considered. Ordinarily, the technology must be an integral part of an overall program which itself contributes to the living of the Generous Promises.
