Students Partner with Sisters and Dear Neighbor Ministries to tackle childhood poverty in Hilltop

Before graduating 8th grade at St. Thomas Aquinas Catholic School in Wichita, students complete what is known as a Culmination Project. Usually these projects consist of traditional research and writing on topics of social concern. Childhood poverty was the topic given to students Alex and Gabe, who chose to think outside the box by getting involved in the community.

Alex and Gabe met with Kit Lambert, CSJ Associate and Executive Director of Dear Neighbor Ministries, to discuss how they could help support the children of Hilltop, one of the poorest neighborhoods in Wichita. It was decided that these two 8th grade students would raise funds to purchase shoes for children who live in Hilltop, and participate in many of the children's programs offered by Dear Neighbor Ministries.

The boys learned a lot about childhood poverty through research, but they learned and benefited far more from their experiences meeting and interacting with the youth of Hilltop and participating with them in the children's activities offered by Dear Neighbor Ministries on a weekly basis. Alex and Gabe also had the opportunity to deliver meals with Sister Ann Catherine Burger to the home bound in Hilltop.

Seeing firsthand the need in Hilltop inspired the boys to work very hard to raise money and make a difference in the lives of others. In three weeks, Alex and Gabe raised enough funds to purchase 30 pairs of children's shoes, with additional funds being given to Dear Neighbor

Ministries to provide for future purchases of shoes as the need arises.

Alex and Gabe are an inspiration and an example of our mission of unity at work, as they modeled love, compassion and hope for our *dear neighbors* in Hilltop. ●

WELCOMING THE STRANGER

On the Border

Sisters and Associates serve the *dear neighbor* in El Paso

This past March and April, Sisters, Associates and other partners in mission headed south to Texas to serve at intake facilities on the U.S./Mexico border in El Paso. Their duties ranged from organizing donated clothing and supplies, preparing, serving and cleaning up meals, setting up sleeping areas, and other work that addresses essential needs of arriving refugees and asylum seekers.

Of those who served, Sister Mary Catherine Sack calls our Wichita center home. She along with Silvia Munoz, a friend of the congregation, served from late March through early April.

Firsthand reports from those who served has deepened our understanding of this humanitarian issue. “The incoming refugees we interacted with were thrilled just to get a meal and clean clothes after their long journeys from Honduras, Guatemala and El Salvador,” said Sister Pat Bergen (pictured above right). “I was humbled by the incredible number of local volunteers who gave of their time and resources to assist their fellow human beings with great compassion and kindness.”

Sister Mary Jo Curtsinger (left), who served during Holy Week, was part of a Holy Thursday service where she helped bless the refugees’ feet and hands. “We gave them new socks and little cups of Vaseline for their blistered lips, bruises and dry hands,” she said. “I was privileged to welcome and serve these brothers and sisters in Christ,

and I pray that as a country, we can decide to do better” ●

Survivors of domestic abuse and Wichita Police enjoy annual StepStone Summer Picnic

This past June, sponsored ministry StepStone kicked off the summer with their annual fishing trip and picnic. StepStone helps women and children who have been victims of domestic violence find security, self-sufficiency and a life free of fear and abuse by providing safe, affordable housing, support services and advocacy.

StepStone staff, volunteers and officers from the Wichita Police Department gathered alongside survivors for a fun day of fishing, relaxation and food.

This event allows police officers to interact with survivors, especially children, in a relaxed environment. The officers and volunteers, including Sister Lois O'Malley (left), helped those

who had never fished before bait hooks, cast lines and take fish off hooks for those lucky enough to have caught one. There was always great excitement when a fish was caught, whether it was 2 or 12 inches. No one seemed to mind that each fish caught was thrown back into the pond.

Those who didn't want to fish could sit and relax near the pond, fly a kite, play catch, or simply climb the playground equipment. The relaxing day ended with lunch and promises to come back next year. ●
